Dear Ms. Bradley:

I have received your recent questionnaire regarding this year's State Senate race and issues that are important to NJPSA. I am aware that these questionnaires are significant to each organization, as they define legislators based on their position to these issues.

However, as a member of the New Jersey Legislature since 2001, I would prefer that this letter suffice for your questionnaire, as I believe my voting record serves as a better "compass" for the NJPSA to determine where I stand on issues that are important to your organization. While specific legislation is constantly changing, I will make a conscientious effort to address the issues brought before me in what I feel is the best interest of my constituents. You may also visit my website at www.senatorjoe.com for further information.

As a member of the Senate Economic Growth Committee, as well as the Senate Military and Veterans' Affairs Committee, I look forward to working closely with all interested parties so we can make New Jersey a better place to live for all of our people. I remain available to meet with you, or any member of your organization to discuss these important issues in more detail.

Sincerely,

Joe Pennacchio
