Pathways to Reducing Chronic Absenteeism Forum

NEW DATE! Sep. 30, 2020
9 am - 3 pm
at Foundation for Educational Administration Conference Center
12 Centre Drive, Monroe, NJ 08831

Chronic Absenteeism (missing more than 10% of school days for any reason) can have a profound and lasting impact on students’ economic and social development. It erodes the positive benefits of Pre-K, leads to poor reading skills, higher dropout rates, and lower earning across a lifetime. Leadership can make a difference. Analyzing data, identifying root causes, and building a culture that promotes consistent school attendance are key steps in addressing this silent problem. Join leaders in philanthropy, education, and social services to learn how a grant-funded initiative in Mercer County is addressing the educational and social development of students in four large school districts while reducing chronic absenteeism rates.

This session would be an ideal in-district program to bring to your district.
