The Connected Action Roadmap:
A Systemic Process for Strengthening Teaching, Leading, and Learning

Jan. 27, Feb. 21, Apr. 2, or May 13, 2020; 9 am - 3 pm
at Foundation for Educational Administration Conference Center
12 Centre Drive, Monroe, NJ 08831

Presenters: Donna McInerney, Vicki Duff, and Emil Carafa, FEA

Improving student learning and strengthening teacher practice require a systemic and sustainable process, driven by the collaborative work of PLCs and shared leadership. The Connected Action Roadmap (CAR) provides a coherent approach to curriculum, instruction, assessment and school climate that builds a common language and understanding and shifts the focus of educators from compliance and programs to process and effective practices. Supported by the NJ Department of Education and the leading educational organizations across the state, the CAR framework was recently used by teams of educators from across the state working with the NJDOE to develop K-12 ELA and Math instructional units with common student learning objectives derived from the NJ Student Learning Standards. These resources, when combined with the CAR conversations, offer a powerful toolkit for PLCs to develop a shared understanding of the standards, strengthen teacher practice and improve student learning outcomes.

This session would be an ideal in-district program to bring to your district.
