**Sponsored by NJPSA/FEA, NJASCD, Lexia, Ramapo College, The Madison Institute,  
& Nepris**

Join educators from across New Jersey for this exciting, revolutionary professional learning opportunity now offered for a fourth year at FEA. The organizers will set a schedule for the day, but all sessions are determined by the participants who attend. Everyone is welcome to propose and lead a session where conversation and collaboration drive the learning. The day is completely participant driven. Teacher, school, and district leaders are welcome. Participate and share your experience in shaping quality education for all of our students. Consider the following questions as you think about what to share:

- How do you foster a collaborative culture in your organization?
- What are the tools and protocols necessary for successful collaboration?
- What are the collaborative conversations that can support teaching and learning?
- How does social media/technology in today's classroom foster collaboration to extend outside the school learning community?
