School Climate for Adults: It Matters

May 6, 2020; 9 am - 3 pm
at Brick Township PD Center, 101 Hendrickson Ave., Brick, NJ 08724

Presenter: Pat O’Keefe, FEA Consultant

Problems with adult-to-adult relationships in school are often swept under the carpet. Yet, this set of relationships can make or break your school’s goal of creating a positive learning environment for students. Adult interactions also greatly impact a school’s capacity to promote the highest levels of student academic success. In this workshop, you will reflect on the adult relationships within your school, explore the causes of toxic adult to adult relationships, learn tools to support the development of clear expectations for professional behavior, consider the relationship between SEL instruction for students and adult modeling of SEL skills, and consider ways to create a strong sense of professionalism through collaboration.

This session would be an ideal in-district program to bring to your district.
