by
WAYNE J. OPPITO, ESQ., AND DAVID NASH, ESQ.

INTRODUCTION:

The field services and legal departments of the New Jersey Principals and Supervisors Association receive many requests for assistance from members regarding observation and evaluation. This primer has been prepared as an additional benefit to our members.

This reference material is a compilation of many sources dealing with the important process of “observation” and “evaluation.” The content includes: New Jersey Statutes Annotated, New Jersey Administrative Code, New Jersey State Department of Education Guidelines for the Evaluation of Tenured Teaching Staff Members, Court and Public Employment Relations Commission decisions and the experience of New Jersey Principals and Supervisors attorneys and Field Representatives.

We hope the material enclosed in this primer will enable you to better understand the mandated process of observation and evaluation.
