

Help make an imPACt!

Drive the conversation in 2019 by contributing to NJPSA's Political Action Committee (NJPSA PAC) today! Your donation of \$30 or more helps NJPSA advocate for you on issues that matter!

At this critical time, with school funding, school security and pension and health benefits on the line, we need a unified, AMPLIFIED voice in Trenton!

Your past financial support helped NJPSA influence:

- **School Funding** (encouraging the Legislature to fairly fund our schools);
- **Pension Funding** (increased state payments on a quarterly basis);
- **Student Assessment** (NJPSA advocates for educator engagement in the development of NJ's next assessment system and that current students are not negatively impacted during the transition period);
- **TEACHNJ** (guaranteeing only properly certificated supervisory employees are conducting evaluations); and
- **CAPS** (introducing legislation that would eliminate the Administrative cap in light of the two percent property tax cap and heightened evaluator requirements).

In these challenging economic times, we need you more than ever to support NJPSA's advocacy efforts!

Thank You!

Your contribution (minimum of \$30), helps ensure that school leaders remain visible in the eyes of State lawmakers and supported as legislation is considered.

Help guarantee that your economic and professional needs are addressed in our laws and regulations. Do that through the power of the purse!
