

Fun Factor®

GIVE MATH CLASS A ROCKET BOOST

So many students lost class time this past year. Now it's time to accelerate their learning. As we celebrate a return to normalcy, we need to make the most of every hour of instruction.

**Let's make math class
everyone's favorite place to be.**

Fun Factor brings hands-on math to life in kids' hands for grades K-5.

- Makes the concepts concrete, so students truly understand instead of memorizing
- Works with any curriculum
- Small-group format enables differentiated instruction
- Promotes teamwork, perseverance and other social-emotional traits
- Can boost summer school or next school year

**Give students a whole new kind of
math experience.**

Tuesday, May 25 from 9-10 AM
