SUSTAINABLE SCHOOL IMPROVEMENT
FUELING THE JOURNEY WITH COLLECTIVE EFFICACY AND SYSTEMS THINKING
PATRICIA WRIGHT
FOREWORD BY ANDY HARGREAVES

This book **challenges** educators to embrace **forward thinking**. Instead of depending on the next newest innovation or program or falling back to “the way we have always done it,” the **CAR method** provides a framework that **allows educators and school leaders to equitably and coherently address student learning** by engaging in the deep conversations that are vital to effective practice.
